

How to sign up for an email address

Before you sign up for an email address, you need to choose what email you will use. Some great and popular ones are Aol and Yahoo! I will show you Aol, but the way to sign up for most sites should be similar.

First, you click sign up.

Name First Name Last Name

Gender - Select One -

Birthdate - Select Month - Day Year

Country United States

Language English

Postal Code

Select an ID and password

Yahoo! ID and Email @ yahoo.com

Password Password Strength

Re-type Password

In case you forget your ID or password...

Alternate Email (optional)

Secret Question 1 - Select One -

Your Answer

Secret Question 2 - Select One -

Your Answer

Let's create your account

First name

Last name

Pick a username @aol.com

Create a password

Confirm password

A screen like this should show up on Aol, on Yahoo all the information is on the page that shows up after you click sign up. Fill out the information on this page and click next. Of course on the next page, there is more information you need to fill out. After you fill out the information, click next.

Next

One last step, and you're done.

Enter what you see above

By clicking "Sign Up" below, you electronically agree to our [Terms of Service](#) and [Privacy Policy](#) (the "Terms"); you acknowledge receipt of our Terms, and you agree to receive notices and disclosures from us electronically, including any updates of these Terms.

Finally, don't forget to fill this code in! If you can't read it, then you can load a new one or choose to hear a saying and type it in.

Sign Up

Okay, now let's get personal...

Date of birth Select month Day (dd) Year (yyyy) [Why so personal?](#)

Gender ☐ Female ☐ Male

Zip code

and keep it secure

If you forget your password, you'll need this information to reset your account.
